Hospital Team**

Position Description

Specialist Cardiologist

THE ROYAL MELBOURNE HOSPITAL

The Royal Melbourne Hospital (RMH) began in 1848 as Victoria's first public hospital. And while we only had 10 beds to our name, we had the community of Melbourne behind us, and we were ready to provide the best possible care for those in need.

Since those early years, we've moved forward with purpose. Always at the forefront, leading the way on improving the quality of life for all.

Today the RMH is one of the largest health providers in the state, providing a comprehensive range of specialist medical, surgical, and mental health services; as well as rehabilitation, aged care, outpatient and community programs.

Our reputation for caring for all Melburnians is as essential to who we are as any scientific breakthrough we make. We're here when it matters most, and we'll continue to be the first to speak out for our diverse community's wellbeing.

OUR VISION

Advancing health for everyone, every day.

THE MELBOURNE WAY

At The RMH we're inspired by our vision of Advancing health for everyone, every day. While we're each going about our different roles, we're united by a shared understanding of the way we do things around here. We call it The Melbourne Way. We put people first — leading with kindness and working together, we excel as one Royal Melbourne Hospital.

People First

People are at the heart of everything we do. We take the time to understand how we can make the most positive difference for them.

Lead with Kindness

Our care and compassion sets us apart. We lead the way with a respectful, inclusive spirit — embracing the things that make us all unique.

Excellence Together

True excellence is only possible when we work as one Royal Melbourne Hospital community. Through collaboration, we set the highest of standards and achieve our goals.

OUR PRIORITIES

The RMH Strategic Plan: Towards 2025. Advancing health for everyone, every day is our plan for the future — one which we are committed to achieving together. This position contributes to the achievement of the five Strategic Goals, articulated in the plan:

1. **Be a great place to work and a great place to receive care**
2. **Grow our Home First approach**
3. **Realise the potential of the Melbourne Biomedical Precinct**
4. **Become a digital health service**
5. **Strive for sustainability**

KEY ACCOUNTABILITIES

- Take reasonable care for your safety and wellbeing and that of others.
 - Work in your scope of practice and seek help where required.
 - Work in partnership with consumers, patients and where applicable carers and families.
 - Work collaboratively with colleagues across all RMH teams.
 - Continue to learn through mandatory training and other learning activities.
 - Seek feedback on your work including participation in annual performance discussion.
 - Speak up for safety, our values and wellbeing.
 - Prioritise wellbeing and ensure safe work practices are developed and adhered to in their area.
 - Respect that the RMH is a smoke-free environment.
 - Participate in the Congenital Cardiac Outpatients Clinic.
 - Contribute to organisation-wide and service/division initiatives and planning activities.
 - Participate in Unit meetings and education activities
 - Participate in Cardiology on-call roster
 - Participate in teaching and research in the Department
 - Supervise and guide junior medical staff
 - Participate in the quality activities of the Unit.
 - Under the direction of the Unit Head, participate in ward service as rostered, outpatient clinics, ward rounds and team meetings.
 - Ensure compliance with the Unit quality plan and implement action of best practice clinical care, such as clinical guidelines/pathways
 - Ensure communication with referring clinicians is timely including ensuring the completion of reports, discharge summaries and letters
 - Work constructively within the Department and with other services in the Royal Melbourne Hospital to improve patient services
- Work collaboratively with the other Departments at RMH, especially the Emergency and ICU Department
