Position Description

Registered Psychiatric Nurse, Grade 2

THE ROYAL MELBOURNE HOSPITAL

The Royal Melbourne Hospital (RMH) began in 1848 as Victoria's first public hospital. And while we only had 10 beds to our name, we had the community of Melbourne behind us, and we were ready to provide the best possible care for those in need.

Since those early years, we've moved forward with purpose. Always at the forefront, leading the way on improving the quality of life for all.

Today the RMH is one of the largest health providers in the state, providing a comprehensive range of specialist medical, surgical, and mental health services; as well as rehabilitation, aged care, outpatient and community programs.

Our reputation for caring for all Melburnians is as essential to who we are as any scientific breakthrough we make. We're here when it matters most, and we'll continue to be the first to speak out for our diverse community's wellbeing.

OUR VISION

Advancing health for everyone, every day.

THE MELBOURNE WAY

At the RMH we're inspired by our vision of Advancing health for everyone, every day. While we're each going about our different roles, we're united by a shared understanding of the way we do things around here. We call it the Melbourne Way. We put people first — leading with kindness and working together, we excel as one Royal Melbourne Hospital.

OUR PRIORITIES

The RMH Strategic Plan: Towards 2025. Advancing health for everyone, every day is our plan for the future — one which we are committed to achieving together. This position contributes to the achievement of the five Strategic Goals, articulated in the plan:

- 1. Be a great place to work and a great place to receive care
- 2. Grow our Home First approach
- 3. Realise the potential of the Melbourne Biomedical Precinct
- 4. Become a digital health service
- 5. Strive for sustainability

POSITION SUMMARY

Royal Melbourne Hospital Mental Health Services provides person-centred, recovery-oriented care, treatment and support through our multi-disciplinary workforce of skilled and dynamic clinicians, and Lived and Living experience (LLE) consumer and carer experts. We are dedicated to providing caring and high-quality specialist community and hospital-based mental health services for adults and older adults who are experiencing, or are at risk of developing a serious mental illness. We are committed to working with consumers during their recovery by offering trauma informed holistic and evidence-based treatment, which is inclusive of family, carers and kin and provided by staff with well-developed skills. Staff employed within the service are expected to identify evidence-based practice approaches and to use these within their work.

We have a robust future ahead as the lead mental health service for the Victorian Collaborative Centre for Mental Health and Wellbeing Service, and also for the State wide Trauma Service. These leading programs will drive mental health reform across the sector, and will offer a wide range of opportunities for involvement of staff within the RMH MHS. Our partnerships with multiple community and academic organisations support our program and enable a sophisticated learning structure, with a focus on research translation.

This position is based at John Cade Acute Adult Psychiatry Ward, Level 1 at the Royal Melbourne Hospital, City Campus. It offers post registration experience as well as the clinical, further educational and on-going training support to enable the Registered Psychiatric Nurse (RPN) to further develop their clinical skills for work in an acute mental health in-patient unit.

The RPN will need to be able to demonstrate a commitment to ensuring patients understand and maintain the best possible physical health, as well as an understanding of the most effective delivery of Evidence-Based Practice. They will also need a comprehensive knowledge of the Mental Health Act and other relevant legislation; a sound knowledge of and demonstrated skills in risk assessment, mental state assessment, person-centred care planning and the ability to deliver acute mental health nursing care from a Strengths-Based, Recovery-Focused framework.

The RPN will also demonstrate well-developed interpersonal skills to facilitate good consultation, liaison and negotiation with patients, carers, family members, and various other members of a multi-disciplinary team. The position requires a high performer who is customer focused, a team player, and is self-directed, motivated and enthusiastic. This position involves a rotating shift work roster.
