### About the Parkville Youth Mental Health and Wellbeing Service (PYMHWS)

**Parkville Youth Mental Health and Wellbeing Service (PYMHWS)** is Victoria's first standalone public mental health service designed specifically for young people aged 12 to 25. Operational from July 2025, PYMHWS is leading a bold transformation in how youth mental health is accessed, experienced, and governed across Melbourne's north and west.

We deliver specialist, community, and inpatient services to young people experiencing, or at risk of mental ill-health. Our multidisciplinary teams are based at Parkville, Sunshine, Footscray, Werribee and Cherry Creek, working closely with families, carers, supporters and kin to provide developmentally appropriate, evidence-based, trauma-informed, inclusive care, grounded in lived experience.

At PYMHWS, every decision - from the front desk to the boardroom - centres on what young people need to live the lives they want to lead.

We partner with Orygen, bringing their world-leading research and knowledge translation expertise into care delivery. Together, we are building an integrated service model that connects Orygen-operated headspace centres with PYMHWS clinical services, creating a unified care experience.

As we grow, we're building a service with - and for - young people. One that reflects the diversity of our communities, embraces continuous learning and the generation of new knowledge, and strengthens the mental health system around it.

**At PYMHWS, we:**

- Foster a safe, supportive and inclusive workplace - where the health, safety and wellbeing of young people, families, carers, supporters and kin, colleagues and visitors are actively protected.
- Speak up for safety and equity - raising concerns and escalating issues when needed, to ensure high standards of care and conduct.
- Deliver Safe, Timely, Effective, Efficient, Equitable, Person-centred Care (STEEEP) in alignment with our clinical governance framework and our youth-first approach.
- Promote diversity, inclusion and equal opportunity - creating a workplace free from discrimination, harassment or bias, and reflecting the communities we serve.
- Comply with all relevant policies, procedures, professional standards and legislation - including those related to clinical care, health and safety, risk, privacy, and equal opportunity.

---

## Department Description

The Youth Mood Clinic (YMC) is a specialist community care stream providing comprehensive assessment, treatment, and case management for young people experiencing major depressive disorder, non-psychotic bipolar disorder, obsessive–compulsive disorder (OCD), and anxiety disorders at a level of severity that requires developmentally tailored care and coordinated case management. Many young people attending YMC present with relapsing, severe, or unremitting mood, anxiety, and obsessive–compulsive disorders, often alongside a range of comorbidities. The Senior Mental Health Clinician may at times be required to manage conditions outside these areas in accordance with service needs and clinical demand.

PYMHWS offers a Transcranial Magnetic Stimulation (TMS) Clinic, and with appropriate training and credentials, successful applicants may be required to support the TMS roster.

The service operates over several sites and staff may be required to work from Parkville, Footscray, Wyndham, Sunshine, Melton, Craigieburn or other sites within the catchment. Ongoing commitment to improve service accessibility has seen the development of new sites, including the Sunshine Service, based within the Youth Hub and collocated with headspace, as well as satellite clinics in Wyndham, Craigieburn, Glenroy and Melton. As these sites develop, staff may be based at different sites dependent on the specific requirements of the position.

---

## Position Summary

The Senior Mental Health clinician holds a key leadership role in supporting the care and recovery of young people with complex mental health needs within the Youth Mood Clinic at PYMHWS. This position is responsible for providing clinical leadership and supervision to a multidisciplinary team, as well as comprehensive psychological case management to a caseload of young people and their families, carers, supporters and kin.

The Senior Mental Health Clinician will work autonomously and in collaboration with the Continuing Care Team Coordinator, YMC Stream Lead and Clinical Specialists, to plan, develop and deliver services for these young people and their families, carers, supporters and kin which are consistent with best practice standards, evidence-based care, and the strategic direction for PYMHWS.

Additionally, the Senior Mental Health Clinician will support stream business including clinical governance and quality assurance processes, training and professional development. The Senior Mental Health Clinician may also provide support to other teams or clinical streams within the service, including the provision of supervision.

---

## Key Accountabilities

Click or tap here to enter text.

### **Clinical Care and Service Delivery**

- Ensure the timely completion of mental health assessments and formulation, recovery and wellness plans, crisis management and suicide and self-harm safety plans, outcome measures, discharge summaries, and contact data entry (and any other documents required by the service). Including also, clear and prompt documentation of progress in the young person's medical file.
- Oversee clinical processes including client allocation, incident management, clinical review chairing, team calendar management, and clinician supervision. The Senior Mental Health Clinician may also hold the title of Team Leader.
- Ensure high standards of clinical care that are congruent with PYMHWS aims – client focused, accessible, responsive and consistent with best practice.
- Capacity to provide, or develop skills in, integrated assessment, treatment and care for dual diagnosis young people.
- Work in partnership with consumers, patients and where applicable families, carers, supporters and kin.
- Work collaboratively with colleagues across all PYMHWS teams.

### **Risk Management and Safety**

- Manage clinical risk and actively support the multidisciplinary team to work toward implementing risk reduction strategies.
- Ensure clinical processes are effectively managed, including allocation of young people, critical incident responses, clinical review, discharges, business and team meetings in consultation with the Continuing Care Team Coordinator and the Clinical Stream Lead.
- Ensure service provision is guided by evidence-based, culturally-safe and trauma-informed principles incorporating the diverse needs of all young people and families, carers, supporters and kin, especially those from LGBTQI+, Aboriginal and Torres Strait Islander, and culturally and linguistically diverse populations.
- Ensure risk management activities are completed, effective controls are in place and incidents are recorded, investigated and corrective actions implemented as far as is reasonably practical.
- Support and participate in the Health Services Occupational Health & Safety (OHS) Policies and Procedures and implement (where appropriate) at unit/service area level including reporting any incidents of unsafe work practices, sites/areas or equipment.
- Comply with Safety & Service Improvement and Quality Management policies and procedures.

### **Leadership, Supervision and Professional Development**

- Facilitate the delivery of high-quality clinical care by supporting professional development and training activities, as well as ensuring and providing supervision and secondary consultation.
- Establish and maintain effective interfaces and partnerships with key agencies and community groups through consultation, liaison, education and collaborative projects, including Drug and Alcohol services, Youth Justice and primary care providers.
- The incumbent may be required to perform other duties as directed.

---

### **PYMHWS Core Cultural, Leadership & Safety Responsibilities**

These responsibilities apply to all roles at PYMHWS and form the foundation of our culture. They reflect our commitment to safety, inclusion, wellbeing and transformational leadership - at every level of the organisation. Aligned with PYMHWS's strategic goals and operational priorities, these behaviours ensure we are here for youth, together - and focused on delivering outcomes that matter.

### **Psychological safety & inclusion**

- Create and maintain a psychologically safe team environment where all voices are heard and respected.
- Model inclusive behaviours and actively challenge stigma, bias and discrimination.
- Speak up for safety, wellbeing and alignment with PYMHWS values - including cultural safety for Aboriginal and Torres Strait Islander peoples.

### **Leadership at every level**

- Demonstrate leadership in your area of work, regardless of role title, by taking ownership, influencing positive change, and modelling integrity.
- Mentor others where appropriate, share knowledge generously, and contribute to a learning culture.
- Engage in honest, constructive feedback - giving and receiving with a growth mindset.

### **Alignment with strategic vision, outcomes & priorities**

- Contribute to the achievement of our strategic and operational priorities, including youth-first care, workforce wellbeing, system transformation and strong partnerships.
- Be accountable for delivering measurable outcomes - for young people, families, carers, supporters and kin and colleagues.
- Make decisions that align with our purpose: reimagining how youth mental health is accessed, experienced and delivered.

### **Wellbeing & safe practice**

- Prioritise your own wellbeing and that of your colleagues, in line with our whole-of-service wellbeing approach.
- Work to your full scope of practice and escalate when support is needed.
- Participate actively in safety initiatives, risk management and quality improvement.

### **Continuous learning & improvement**

- Commit to ongoing professional learning, cultural development and reflective practice.
- Support innovation, research translation and systems thinking to improve outcomes for young people.
- Seek feedback on your work including participation in formal performance and annual discussion review processes.
