Position Description

Associate Nurse Unit Manager 7SE

THE ROYAL MELBOURNE HOSPITAL

The Royal Melbourne Hospital (RMH) began in 1848 as Victoria’s first public hospital. And while we only had 10 beds to our name, we had the community of Melbourne behind us, and we were ready to provide the best possible care for those in need.

Since those early years, we’ve moved forward with purpose. Always at the forefront, leading the way on improving the quality of life for all.

Today the RMH is one of the largest health providers in the state, providing a comprehensive range of specialist medical, surgical, and mental health services; as well as rehabilitation, aged care, outpatient and community programs.

Our reputation for caring for all Melburnians is as essential to who we are as any scientific breakthrough we make. We’re here when it matters most, and we’ll continue to be the first to speak out for our diverse community’s wellbeing.
